## Hudson—Mohawk Chapter

The Hudson-Mohawk Chapter continued into the summer months being very busy with events. They got off to such a great start in the spring they just continued the fun. It was so great being able to gather outdoors and see everyone healthy and happy.

Sunday, July 20, 2021 they held their summer picnic at the camp of Bill Lickliter's' on Warner's Lake. There were a few clouds in the sky with some sprinkles but that did not stop the good time that was had by all. Bill provided boat rides on the lake; hamburg & hotdogs were barbequed and members provided the side dishes to make the day complete.

During the meeting V.P. Bob Muller presented members Lorna Eaker and Bill Lichliter with a Proclamation for their years of dedication to the club.

As we moved into August it was unfortunate that the event scheduled for Saturday, August 21st at Empire State Aerosciences Museum in Glenville had to be canceled due to the increase risk with Covid 19. Members will be keep informed of this event being scheduled in the future.

The August 15th meeting was planned to be held at the shop of Bob Mullers followed by an ice cream social with a trail ride through the fields and woods. But since this summer has had a slight increase in the amount of rain Bob felt that this could lead to some very large towing experiences. A small change was made having an on the road trail ride which just happened to end up at a new ice cream shop in the area.

Saturday, September 11th member, George DeCresce attended the 9/11 dedication in Glenville. Our chapter was proud to have him attend this event as George served with the National Guard at Ground Zero during 9/11.

On Sunday, September 19th a fall picnic was hosted by Karl & Stephanie Remmers at Laselle Park in Schoharie. Members were treated to fresh smoked pulled pork & meatballs with members bringing a dish to pass. Followed by a trail ride over the hills of the Schoharie area. Members were please to see for the first time— M38 owned by Bob & Linda Muller— restored by Bob and Lorna Eaker.

As the summer is coming to an end, several members of the chapter attended the Red Ball Show in Gilbert PA on Friday & Saturday, September 24th & 25th. They did have a challenge with set-up on Thursday due to the flash floods that pasted through the area that afternoon and early evening,. The weather turned out to be warm and sunny on Friday & Saturday making the show enjoyable by all. It was fun to be there with many friends and able to enjoy Friday evening dinner together at the show.

Sorry the cream puffs are all gone.
